Dear Representative Thompson:

On behalf of the members of the Reserve Enlisted Association of the United States (REA), thank you for introducing the Servicemembers' Telemedicine and E-Health Portability (STEP) Act.

The STEP Act will ensure uninterrupted access to care for our military and veterans and will relieve our nation's health care professionals from cumbersome and outmoded procedural obstacles.

REA supports this legislation and appreciates your support of the men and women who have served and continue to serve our nation. Thank you again for introducing this legislation and for working to get this vitally important bill enacted.

Sincerely,

Lani Burnett
